

ABOUT EMS SHIPPING

Express Mail Service (EMS) is a priority delivery service offered by Japan Post and is available for shipping up to 30kg parcels to over 120 countries and areas worldwide.

For dealers who wish to have shipments shipped by EMS, please read below conditions, sign at the very end and then return this sheet to us.

- General EMS Size and Weight Restrictions (please download “*EMS Shipping Conditions*” from <http://www.plotonline.com/en/news/index.html> for details according to countries)
 - Size: Maximum Length 1.5m
Length + 2 (Width + Height) < 3m
 - Weight: Maximum 30kg

- Oversize and overweight shipments will be separated into 2 or more boxes.

- EMS Shipping Charge
 - According to Japan Post, EMS shipping charge must be PREPAID.
 - Maximum EMS shipping charge for destination territory will be added to billing invoice first.
 - Once actual charge is known, invoice will be revised.
 - Difference between maximum and actual shipping charge will be carried over to next shipment.
 - If the dealer decided to end the business relationship, EMS shipping charge balance will be returned to the dealer with wire transfer fee deducted.

Above EMS conditions have been read and acknowledged.
